# Yihan Meng

Ph.D. Candidate | School of Computer Science, Nanjing University

mengyihan@smail.nju.edu.cn | https://yumizhi.github.io | Nanjing, China

Research interests: generative models, watermarking, and adversarial learning.

## Education

**Nanjing University** | Ph.D. in Computer Science and Technology
2023 - Present. Advisor: Associate Professor Lin Shang.

**Nanjing University** | B.S. in Computer Science and Technology
2019 - 2023.

## Research Experience

**Guodian Nanjing Automation Co., Ltd.** | Research Intern
2025 - Present. Enterprise joint training. Nanjing, China.

## Publications

**TIDE: Trajectory-Aware Watermark Propagation for Text-to-Image Diffusion Models.**
Yihan Meng, Suping Xu, Yanfeng Wu, Chongjun Wang, Lin Shang.
NeurIPS 2026.

**SASBO: Sparse Attack via Stochastic Binary Optimization.**
Yihan Meng, Weitao Li, Lin Shang.
PAKDD 2024. DOI: 10.1007/978-981-97-2242-6_10.

**Sparse Attack with Meta-Learning.**
Weitao Li, Mingqian Lin, Yihan Meng, Yangdai Si, Lin Shang.
IJCNN 2024.

## Honors and Awards

Outstanding Graduate Student (2025)
President's Scholarship (2023)
People's Scholarship (2022)

## Open-source Project

**EPUB Toolkit.** Merge, split, and inspect EPUB collections on your device.
